Biography

Most TAW members are still wondering if Samson will retain his strength after discovering how to use a razor blade / wax strips. Paolo's new sense of freedom has led to many rounds of golf and extensive holidays, but none can argue that this Captain / Organiser has been a great addition to TAW. He brings to TAW much needed skills in the areas of braaing, identifying wildlife, improving the ratio of nice guys:hyenas and is the only person who can truly keep Deakin in line.

Biography

Definitely the most cheerful and encouraging guy on TAW, Crosland will be beaming from ear to ear this year as he sports the green jacket at fines meetings / on the golf course / in the bedroom. Crosland has been diligently massaging his handicap upwards on the golf courses of Cape Town / Bloemfontein where no one on TAW can bear witness. Will fellow hyenas Crosland and Jones be able to put their past quarrels on TAW aside and work as a team this year – only time will tell?

Biography

As one of the many vocal 'lawyers' on tour, the true founding father of TAW has many useful hobbies, including dishing out fines, making bets he cannot lose and living rent-free in the minds of many (Calitz and Smith). Jonesey's golf is red hot at present, so let's hope he can continue his great form when faced with the best that Limpopo can offer.

Biography

Once one of the most feared opponents on TAW, the Doctor of Love has replaced golf in recent years with family time and operating rooms. Other TAW members are thankful for the medical expertise and level headedness that he brings to golf tour, especially when mending the odd knife wound or hangover, but can the Doctor find his form again this year and show why 'the dog has to eat'!?

Win Ratio	: 26% (Ranked 18 out of 20)
	6 – 3 – 19 (Win – Halved – Lost)

Biography

Being the only international sporting star on TAW and proverbial king slayer with his near 30 HI, Deakin keeps with the royal theme by also being known as a former house guest of the king of Eswatini's 5th wife. He has never gone more than two TAW's without earning the white overalls and thus needs points on this TAW to try and ensure he can eventually break the camel's back.

Win Ratio	: 55% (Ranked 6 out of 20)

Biography

TAW welcomes back this cyclist / family man / occasional golfer after another hiatus. The Colic family only seems to be increasing in number (as well as the number of social media posts), but this good-looking fellow has shown that he can remain calm under pressure when needed. Mladen will be very thankful to not be in the opposing team of Crosland (a.k.a. hater of all two-wheeled modes of transport) this year....

Avg. points per round	: 28.3 (5 out of 20)
Win Ratio	: 63% (Ranked 3 out of 20)
	2 – 1 – 1 (Win – Halved – Lost)

Biography

The mystery that is Alex persists for his second appearance with even Paolo, his Fancourt roommate, unable to get any details from the Canadian / South African / Zimbabwean retiree about what he actually does (beyond playing off the tips every day or globe-trotting). His only apparent weakness is his tendency to lay up on par 3's. The comp within a comp this year will surely be the pairing of lefty vs lefty ie.Alex vs Rob. With years on Rob in this department most bets will surely favour Alex's victory.

Biography

This debutant is clearly still wading through honeymoon fog as he struggles to respond to WhatsApp messages and obtain an official handicap. The captain of Team Konradie can vouch for this fine gentleman, but Eric will need to prove himself as he navigates through fines meetings, tricky golf courses and avoiding the wrong type of attention from his own teammates.

Win Ratio	: 53% (Ranked 8 out of 20)
	15 – 1 – 12 (Win – Halved – Lost)

Biography

As a two-time winner of the prestigious green jacket, Conrad is also known for two key traits, one of which is his temper on the course. His opponents may look to exploit him this year, especially if Fancourt is any indication to go by. Could the organiser of the Limpopo TAW have a surprise in store—something up his sleeve, or perhaps down his pants—that might give the Konradie's more to look forward to than just a second night of braaing?

Age	: 39
Residence	: Blairgowrie, GP

	19 – 4 – 8 (Win - Halved – Lost)

Biography

As golf has become too easy for the 6th favourite redhead of the captain of Team Konradie, Rob has decided to make his left-handed debut on TAW this year. Keen to display his ambidexterity both on and off the golf course, this part-time golf course designer / part-time gardener has worked hard at recording enough left-handed scores to avoid receiving too much attention during fines meetings.

Age	: 39
Residence	: Bryanston
Occupation	: Gardener
Favourite Course	: Anything built by Matko, in particular the new DCC
Best Score	: 70 (Copperleaf)
Favourite saying	: Fore left

Player Profile – Mark Smith

TAW Stats:

Avg. points per round	: 27.2 (11 out of 20)
Win Ratio	: 61% (Ranked 4 out of 20)
	18 – 2 – 11 (Win – Halved – Lost)

Biography

Smith is certainly one to "blend in". Just like the obligatory Christmas jersey worn during summers, he tries to remain with the group until the end where he explodes through the rankings to reach for the green jacket. With the 2023 green jacket title under his belt, could the return to the bush be the luck he needs for a second title? Team Konradie is having side bets on whether he makes it to the third round without throwing a knife, departing early or commenting on premium economy. The question is whether he will acknowledge he is the white overall representative for 2025 and prove as such at day 1 fines.

Win Ratio	: 50% (Ranked 10 out of 20)
	13 – 2 – 13 (Win – Halved – Lost)

Biography

Still reeling from missing out on the Fancourt vibes of 2024, the man with the silky swing has put work and procreating temporarily on hold to join TAW this year. Don't be surprised if his wife phones you during the last weekend in March to find out where her husband is.... Thankfully, there will be very little 'wildlife' to engage with for 'Hands' Breda on the secluded plains of Limpopo.

Age	: 38

Win Ratio	: 46% (Ranked 13 out of 20)
	8 – 5 – 9 (Win – Halved – Lost)

Biography

Brockers has accumulated the second most voyager miles after Smith, all thanks to his devotion to TAW. Unfortunately, with a team win ratio of just 14%, he's become "that guy" for his teammates. Now, Captain Konradie must play the role of a personal caregiver, guiding this "vintage" player across the finish line to earn his second star.

Biography

Justin returns to TAW this year to push more baos and remind us of his lack of basic arithmetic when completing scorecards. The quality of his game at present will be a mystery to all having last joined TAW in 2022. Hopefully the joys of fatherhood will still allow him to card a few scores before TAW 2025 officially kicks off.

Biography

Being the only member of TAW, except the debutants, to have never won a team event, Keegan opted out of the 2024 edition to save face and presumed the group would forget this fact. He busied himself in the past year with Smith family politics and breaky bar promotions. Keegan, when pressed, will confirm that breakfast is a made-up meal to further line the pockets of capitalists worldwide.

Biography

As one of two debutants in the 2025 edition, Blake arrives with a handicap index that most TAW members would dread reaching. However, his game remains a mystery to all, and the pairings on day 1 will certainly be made with his recent form in mind. With a fondness for beers named after animals, we can only assume his birding skills surpass those of Smith and Deakin combined.
